States and Markets: An

Introduction to International

Political Economy (PO230)

Political Economy as an

intellectual tradition was already  
vibrant in the 18th & 19th

Centuries, with the disputes

between Adam Smith's liberal

vision, Mercantilists such as List,

and radicals such as Karl Marx. Its

starting point is the recognition

that social orders, and the

institutions which make them up,

need to be studied as complex

wholes in order to understand the

interrelationships between the

political ...

introduced the term *économie politique* in his treatise of 1613, by which he referred to the study of how states should manage the economy or make policy. The concept of international political economy has come to encompass a larger range of concerns, including the intersection of politics and economics, as goods, services, money, people, and ideas move across borders.

Political economy is the study of production and trade and their relations with law, custom and government; and with the distribution of national income and wealth. As a discipline, political economy originated in moral philosophy, in the 18th century, to explore the administration of states' wealth, with "political" signifying the Greek word polity and "economy" signifying the Greek word ...

~~Political economy — Wikipedia~~

International political economy, also known as global political economy, refers to either economics or an interdisciplinary academic discipline that analyzes economics, politics and international relations. When it is used to refer to the latter, it usually focuses on political economy and economics, although it may also draw on a few other distinct academic schools, notably political science, also sociology, history, and cultural studies. IPE is most closely linked to the fields of macroeconomics
