...

As the daughter of an anti-terrorist agent, Gaia has her hands full as she fearlessly combats the world's enemies—hackers, terrorists, and spies—all the while battling with the most feared thing of all—an empty love life.

The men I love are gone. This time Loki ' s not to blame. This time, if anything bad happens It ' s only one person ' s fault: Mine.

We must always remember how even small steps lead us closer to the divine in Nature and to the deep interconnectedness that is magical Deep Ecology.* A Greenpeace activist, Wiccan High Priestess, and proud Soccer Mom, Francesca Howell has been involved in magical traditions and wildlife preservation since childhood. In this one-of-a-kind book, she shares her everyday suggestions for spiritual renewal through connecting with nature.

Martin D. Yaffe's Judaism and Environmental Ethics: A Reader is a well-conceived exploration of three interrelated questions: Does the Hebrew Bible, or subsequent Jewish tradition, teach environmental responsibility or not? What Jewish teachings, if any, appropriately address today's environmental crisis? Do ecology, Judaism, and philosophy work together, or are they at odds with each other in confronting the current crisis? Yaffe's extensive introduction analyzes and appraises the anthologized essays, each of which serves to deepen and enrich our understanding of current reflection on Judaism and environmental ethics. Brought together in one volume for the first time, the most important scholars in the field touch on diverse disciplines including deep ecology, political philosophy, and biblical hermeneutics. This ambitious book illustrates—precisely because of its interdisciplinary focus—how longstanding disagreements and controversies may spark further interchange among ecologists, Jews, and philosophers. Both accessible and thoroughly scholarly, this dialogue will benefit anyone interested in ethical and religious considerations of contemporary ecology.

Humankind has escaped a dying Earth and set out to find a new home among the stars aboard an immense generation ship affectionately name the Ark. Bryan Benson is the Ark ' s greatest living sports hero, enjoying retirement working as a detective in Avalon, his home module. The hours are good, the work is easy, and the perks can ' t be beat. But when a crew member goes missing, Bryan is thrust into the center of an ever-expanding web of deception, secrets, and violence that overturns everything he knows about living on the Ark and threatens everyone aboard. As the last remnants of humanity hurtle towards their salvation, Bryan finds himself in a desperate race to unravel the conspiracy before a madman turns mankind ' s home into its tomb.

New planet. New life. Same old S#*#\$. Against all odds, the Ark and her thirty-thousand survivors have reached Tau Ceti G to begin the long, arduous task of rebuilding human civilization. Meanwhile, on the other side of the world, Tau Ceti G ' s natives, the G ' tel, are coming to grips with the sudden appearance of what many believe are their long-lost Gods. But first contact between humans and g ' tel goes catastrophically wrong, visiting death on both sides. Rumors swirl that the massacre was no accident. The Ark ' s greatest hero, Bryan Benson, takes on the mystery. Partnered with native ' truth-digger ' Kexx, against both of their better judgment, Benson is thrust into the heart of an alien culture with no idea how to tell who wants to worship him from who wants him dead. Together, Benson and Kexx will have to find enough common ground and trust to uncover a plot that threatens to plunge both of their peoples into an apocalyptic war that neither side can afford to fight. File Under: Science Fiction From the Paperback edition.

Before Gaia deals with her ex-boyfriend's rise from the dead and her father's impending death, she must deal with what life has handed her, including living with a foster family and finding a way to defend herself against enemies.

Just when things seem to be returning back to normal for Gaia, her ex-boyfriend Sam suddenly appears after being shot and killed, while at the same time, her father fights for his life as he slips into a coma.
