Support Student Empowerment. In communities where students typically have a 22% chance of graduating from college, 86% of OneGoal high school graduates enroll in a postsecondary institution and 76% of those who persist one year after high school graduation.

*About | OneGoal*

Exactly opposite research findings now prove that what some researchers have defined as performance goals are not the ones in the minds of students(e.g., Harris, Yuill & Luckin) since the types of suitable goals are context-bound . Indeed, a combination of mastery and performance goals are necessary in one's success!
